Dermatologic Care at the Equal Access Clinic Network

We've got you covered.

Who we are

The Equal Access Clinic Network is a group of student-run free health care services that provide care to uninsured and underinsured patients in Gainesville, Florida.

Conditions we treat include:

- Eczema
- Inflammatory dandruff
- Psoriasis
- Scabies
- Skin cancer
- Fungal infections, athlete's foot and ringworm
- Painful or itchy rashes
- Poison ivy and environmental rashes

Services we offer:

- Diagnosis and treatment of acute and chronic disorders, infections and sores
- Skin cancer screening, diagnosis and removal
- Skin biopsies for concerning rashes or lesions
- Steroid injections for dermatologic disorders
- Counseling on proper skin care and skin cancer prevention
